Summerlin Tennis Club is happy to announce the expansion of its tennis programs by offering small group lessons. For the safety of our team, community, students, and their families, we will continue to keep groups small with a max student-coach ratio of 6:1. Students will stay within their group for both days/times of instruction, allowing for the development of their tennis skills and socialization with others of their same age group in a manageable environment.

Our goal is to provide a fun and engaging tennis program to stimulate, challenge and appeal to all ages and skill levels.

Group sessions will be four weeks in duration with lessons twice a week for a total of eight lessons per session. Class duration is one hour for Pee Wee, Red, Orange, and Green Ball. Tiny Tots is 30 minutes. Cost is per child, per session. 🎀

Christmas Tree Recycling Returns To Summerlin®

Once again, Summerlin residents are encouraged to recycle their real Christmas trees when the holidays are over. In partnership with Springs Preserve, the UNLV Rebel Recycling Program and dozens of other local conservation organizations, the annual Christmas Tree Recycling Program returns December 26 through January 15.

According to Tom Warden, senior vice president, community and government relations for Summerlin, the community's longtime participation in this program is a natural fit. "By design, Summerlin is dedicated to creating more sustainable neighborhoods and has long embraced conservation and environmental stewardship. Encouraging our residents to be a friend to the environment is part of the lifestyle here."

Through January 15, Summerlin residents can drop off their real Christmas trees at two Summerlin locations: the lot adjacent to RC Willey Home Furnishings, 3850 S. Town

Summerlin residents are once again encouraged to recycle their real Christmas trees with two drop-off locations in the community, open from December 26 through January 15.

Center Dr. just south of the 215 Beltway; and the Las Vegas Ballpark South parking lot in Downtown Summerlin. Entry to the tree lot is off Spruce Goose Street. Look for Christmas Tree Recycling signage at both locations.

Those who live in Summerlin's northern villages may opt for a drop point just outside of the master-planned community at nearby Bruce Trent Park on Vegas Drive. All locations are open 24 hours.

Valley-wide, there are more than 30 locations accepting trees through January 15. There is no cost to drop off trees, but all non-organic objects such as lights, wire, tinsel, ornaments, and nails must be removed before dropping off trees. Artificial trees and real trees flocked with decorative chemical compounds cannot be recycled.

"Trees are chipped into organic mulch and used in public gardens and parks across the valley to help conserve soil moisture and keep plants healthy. Most importantly, recycled trees are kept out of our community's landfills and put to good use," said Warden.

Since the Christmas Tree Recycling committee started tracking trees in 2011, more than 260,000 trees have been diverted from the landfill, creating more than 2,265 tons of mulch used for landscaping projects and dust control throughout our valley. For more information about the Christmas Tree Recycling Program, visit springspreserve.org. 🌿

COMMUNITY SAFETY

Randy Klenosky, Crime Prevention Specialist

Holiday Season Crime Prevention Tips

During the holiday season, crime rates tend to have a slight up-swing. This is due, in part, to shoppers carrying more cash and credit cards with them while shopping, shopping later than usual and the relaxed, easy-going attitude that comes with this time of year. By remaining aware of holiday season risks you can better protect yourself. The LVMPD Crime Prevention Office provides these tips to assist you in having a safe and enjoyable holiday season.

OUT AND ABOUT

- Shop during daylight hours when possible & shop with a friend – safety in numbers!
- Be aware of your surroundings. Pay attention to others around you and what activities are going on. Be aware of someone watching or following you.
- Don't overload your arms with packages and bags while shopping. Clear visibility and freedom of movement are important self-protection habits.
- Pick your parking spot wisely. Look for a well-lit area.
- Never leave your vehicle unattended while the engine is running
- Have your keys out and ready when approaching your vehicle.
- Be aware of how you carry your purse or wallet.
- Only the amount of cash you will need to make your purchases and limit the number of credit cards to take.
- Keep a list of all credit cards, along with contact phone numbers for each card and keep it in a safe place.

THE HOLIDAY PARTIES

- Control your alcohol intake.
- If you do drink, remain with your friends.
- Consider how much and what kind of jewelry you are wearing.
- An alone, inebriated person, flaunting expensive jewelry is the recipe for a robbery.

IN YOUR HOME

- Install secondary locks on your windows and doors.
- Strengthen door frames by installing 2"-3" inch wood screws on your strike plate.
- Invest in surveillance cameras giving a 360 view of your exterior .
- Consider security film on your windows and glass openings to your home.
- Light the exterior of your home around doors, windows and driveway
- Trim hedges, bushes and trees around doors and windows to create visibility on and around your home.
- Try not to leave packages at your front door – ask a friend or neighbor to hold onto it if you are not home when they are delivered. Package thefts increase during the holidays.

Much of the above information is geared toward being aware of where you are, who is around and what is in the environment. A safe holiday starts with a crime prevention plan! 🎀

WATER CONNECTION

Southern Nevada Water Authority

Winter Watering Schedule

As the short days and chilly temperatures of winter make their way into Southern Nevada, they also serve as a reminder to set your irrigation clock to water your landscape only one day a week.

Compliance with the mandatory seasonal watering restrictions is in effect through February 28. It is especially important this winter in light of the federal government's recent declaration of a water shortage on the Colorado River. As a result of the declaration, Southern Nevada's allotment of water drawn from Lake Mead is the source of 90 percent of the community's supply and will decrease by seven billion gallons beginning January 1.

The mandatory winter watering schedule limits both turf and drip irrigation to one assigned day per week; Sunday watering is prohibited year-round. To find the day of the week you are allowed to irrigate your landscape, visit snwa.com.

Watering on days other than your assigned watering day or allowing water to spray or flow off your property is

considered water waste and may result in a water-waste fee. Water-waste fees start as high as \$80 for the first violation and double with each subsequent violation.

To avoid wasteful runoff and help the soil absorb more water, irrigate grass no more than 12 minutes per watering day in three cycles of four minutes. Run each four-minute cycle one hour apart. Also, watering during the mid-morning hours helps avoid freezing and prevents ice from forming on lawns and sidewalks. Drip irrigation should operate once every seven to 14 days, as trees and plants need less water than grass. In addition, be sure to change your watering clock's time to coincide with the end of Daylight-Saving Time.

For tips on maintaining a healthy landscape during the winter season, visit snwa.com. 🌸
